EDUCATION

University of Virginia School of Engineering, Charlottesville, VA

May 2025

Bachelor of Science, Major in Computer Science

Master of Computer Science

May 2026

GPA: 3.78/4.0 **CS GPA** 3.84/4.0

Coursework: Adv Software Development, Programming Languages for Web Apps., Programming Languages, Data Structures & Algorithms, Compilers, Computer Systems & Organization, Theory of Computation

TECHNICAL SKILLS

C++, C, Java, Python, PHP, Javascript, jQuery, AJAX, Django, PostgreSQL, MySQL, Heroku, HTML, CSS, Docker, Linux, Git/GitHub, Algorithms, AutoDesk, Matlab

PROJECTS

Web Applications Project (CS 4640 Programming Languages for Web Apps)

Jan 2024 – April 2024

- Semester long project building a website from scratch to learn web languages and technologies
- Utilized PHP, PostgreSQL, Javascript, jQuery, AJAX, Docker, Apache, HTML, CSS, Linux for development

SIPC Compiler (CS 4620 Compilers)

Aug 2023 – Dec 2023

- Semester long partner project extending a Tiny Imperative Language compiler feature-set front-to-back; wrote full-coverage tests following existing documentation style
- Utilized C++, CMAKE, Git/GitHub, Linux for development

Scrum Manager - Transfer Course Project (CS 3240 Advanced Software Development)

Jan 2023 – May 2023

- Point of contact, distribute work, wrote technical/reflection report for team of 5 for semester long project building a web application
- Utilized Django framework, Heroku, Python, MySQL, and Linux for development

WORK EXPERIENCE

Edward Tufte's Art Sculpture Farm (Hogpen Hill Farms, Woodbury, CT)

May 2023 – August 2023

Assistant Property Manager

- Precision groundskeeping of 200+ acres; sculpture installation utilizing hand tools to heavy machinery
- Organized and oversaw open houses (Front of House, Point of Sale); managed audio for presentations

Undergraduate TA in the Computer Science Department

Jan 2023 – May 2023

- CS 3140 – Software Development Essentials, Prof. Rich Nyguen; utilized Java

Undergraduate TA in the Engineering Department

Aug 2022 – Dec 2022

ACTIVITIES

Computer Network Security Club, University of Virginia

2021-Current

President – Spring 2023 – Current, **Member** – Fall 2021 - Current

- Oversee executive board, delegate responsibilities, aid in self-hosted competition, getting sponsors
- Lead semester events planning, spearhead recruitment efforts (achieved 4x growth), use of Linux

Outdoors Club, University of Virginia

2021-Current

Trip Leader – Fall 2022 – Current, **Member** – Fall 2021 - Current

- Lead and plan club trips including overnight and beginner focused for hiking and backpacking

International Collegiate Programming Contest, Mid-Atlantic Region

Fall 2022-Spring 2023

- Problem solving competition focused on using algorithms; utilized C++, Python, Java, algorithms
